GET ON BOARD!

The AIA High Fives for Kids Foundation (H5s4Ks) is recruiting volunteers to serve on the Board of Directors. The initial commitment is two years beginning upon election with a maximum of four terms.

WHO WE ARE

As a Foundation for children and youth, AIA High Fives for Kids is committed to creating brighter futures by giving them the tools, opportunities, and support they need. The projects we fund provide training, equipment, experiences, and assistance so that young people can reach their full potential.

WHAT WE DO

Thanks to AIA Canada's local divisions, we reach communities directly and offer help where it is needed. Under the championship of the members, the Foundation runs a number of campaigns that provide funding to smaller charities that may otherwise be overlooked.

Not only do we work towards building local communities, we also want to give back to the industry that supports our Foundation. Scholarships are awarded annually across Canada to qualified students and monetary assistance is provided to those who wish to further their education in the automotive aftermarket field.

WHAT WE'RE LOOKING FOR

As a national organization, we are seeking candidates from across Canada to serve as members of our Board of Directors. The Foundation invites interested individuals who are committed to the aftermarket industry and support our vision to contribute their expertise and knowledge to our Board.

We are particularly interested in individuals with experience and knowledge in the following areas:

- Volunteer engagement
- Fundraising / fund development
- Event planning
- Communication and marketing

OUR BELIEF

We believe that diverse backgrounds, perspectives, and approaches are essential to the development of the best governance work, and would like to see a broad range of voices at the table.

We are also committed to providing all volunteers, regardless of gender, age, ethnicity, physical abilities, sexual orientation, family, education or work background or religion, with an environment that is free from harassment and discrimination in compliance with the Canadian Human Rights Act and the applicable provincial Employment Standards Act, which protects volunteers from discrimination.
